What is WhenU Save/SaveNow?

WhenU Save/SaveNow is opt-in advertising software that provides you with money saving offers, coupons, and deals from brand-name retailers - based on your individual interests. For instance, if you typed "airfares" into a browser, you might receive a special offer on flights to the Caribbean.

How do I get WhenU Save/Save Now?

Both WhenU Save/SaveNow come bundled with popular software applications on the Web. You agree to view relevant ads in return for the ability to download the software at no cost. WhenU SaveNow can also be downloaded directly, so you can start saving money right away. WhenU's success is built on transparency, reliability, and convenience. We provide relevant and valuable information to consumers who want it.

How do I know WhenU is safe for me to use? Will it slow down my computer?

WhenU software doesn't use cookies, profiling, or any other means to track which Web sites you visit, nor do we collect any personally identifiable information about you. WhenU software is engineered to have low or no impact on your computer's performance. And, if you decide that WhenU software isn't for you, you can uninstall it using Windows Add/Remove at any time.

Your privacy is important to us. We value your long-term trust, and we strive to maintain it. To learn more about our privacy policies, and our involvement in establishing industry standards, please visit our [Privacy Center](#).
